### Organizational Profile

## BACKGROUND

Stichting KAALO Netherlands (SKN) is an international NGO, was founded in 1995 by Somali Dutch intellectuals. The purpose is to provide sustainable livelihoods projects to support the most vulnerable communities in the areas of food and shelter, education and skill development programs, health facilities, water and sanitation, livelihoods projects of food security, child protection and human rights, and empowering of poor women, and young people to reduce poverty, and unemployment in Somalia. This active organization is one of the initiators of many reconstruction projects in Somalia. Naturally, Stichting KAALO Nederland works closely with partners in Somalia. The starting point is always the demand and needs of the vulnerable community and internally displaced peoples including poor children, youth and women. This has created an indispensable support base.

KAALO Netherlands works with local organizations to sustainable development projects for the people of Puntland in Somalia. Stichting Kaalo Netherlands supported and implemented many projects of building of shelters, schools, hospitals and the construction of water reservoirs, and the fishing projects in Somalia a huge impulse. Kaalo Netherlands is active with and for young people. Young people have in Somalia more chances of one hopeful future required to radicalization against to go and they too save for the dangerous one trip to Europe.

The SKN focuses on sustainable development projects that directly meet the needs of the local population. For a long time, the emphasis was on projects in the area of education and health. Helping mothers and children from the nomadic and farming communities is another central theme. At the moment attention is focused on the (vulnerable) young people in the state of Puntland, starting in the capital Garowe.

The SKN also offers support to people and organizations that are committed to improving the life situation in Puntland. The extensive fishing project in Eyl is an example Projects of this. Kaalo Nederland uses this to pull the population out of the doldrums economically. Stichting KAALO Netherlands (SKN) has succeeded for the implementation of many livelihood projects to support sustainable development of vulnerable community, and helping mothers and children from remove villages in Puntland, these projects include: Construction and rehabilitation of New Waberi Primary School (2006), Primary School in Budunbuto (2007), Supporting of women on the board of Puntland Project (2007), building and women training project in Resource Center library (2008) at Puntland Community College now called Puntland State University, Construction and rehabilitation project of Caana-yaskax Primary School (2008), Homes for displaced families (2008-2009) in Budunbuto village in Nugal region, Twins educational implementation projects (2009) in Nugal region, constructed and supported school for handicapped children in Garowe (2009), Primary school in Birtadheer (2009), Preparation of fishing project in Eyl (2011), Clean drinking water Project for Budunbuto village (2012-2013), Professional fishing and fish processing in Eyl (2013-2014), Fishing and fish processing Phase II Project in Eyl district (2015), Youth Center Project in Garoowe, Puntland (2016), Establishment of the Youth and City Center project in Garowe, Puntland
